

HIGH SPEED RAIL WEBINAR

Tuesday, 27 August 2024
20:00–21:00 (UTC+8)

India 17:30-18:30 (UTC +5:30) Thailand 19:00-20:00 (UTC +7:00) Singapore, Taiwan, Malaysia 20:00-21:00 (UTC +8:00)

Addressing Individual Needs and Tailored Approaches for the Management of Atopic Dermatitis with Abrocitinib

Join our international experts as they discuss the latest updates and real-world challenges in the management of patients with atopic dermatitis. Discussions will centre on personalized treatment strategies and the role of abrocitinib in optimizing patient care and outcomes.

MEET THE EXPERTS

Dr Julia Yu-Huei Huang

Chang Gung University, Taiwan

Dr Yu-Huei Huang earned her MD and master's degree from the National Taiwan University and completed her PhD at Chung Shan Medical University. She completed a dermatology residency at Chang Gung Memorial Hospital, where she now serves as Associate Professor. Dr Huang is also the current Deputy Secretary-General and Spokeswoman of the Taiwanese Dermatological Association, an Associate Editor of Dermatologica Sinica, and the Standing Director of the Taiwanese Association for Psoriasis and Skin Immunology. Additionally, she is a Consultant for the Cosmetic Hygiene and Safety Committee of the Taiwan Ministry of Health and Welfare.

A/Prof Derrick Aw Chen Wee

Sengkang General Hospital, Singapore

Associate Professor Derrick Chen-Wee Aw is a dermatologist and physician in Sengkang General Hospital, Singapore. Prior to joining Sengkang General Hospital, he was head of dermatology division in the National University Hospital, Singapore.

As a senior consultant, his subspecialty interests are acne, psoriasis, eczema, urticaria, cosmeceuticals and hospital dermatology. As the campus education director, he oversees undergraduate medical training of students from the three local medical schools. In Yong Loo Lin School of Medicine, National University of Singapore, he is co-chair of the Collaborative Learning Cases committee, a student house Master mentor, and Associate with the Centre for Medical Education. In Singhealth, he is the Medicine ACP undergraduate education director.

To date, he has over 80 scientific publications and 89 conference papers. With numerous teaching awards, he has given over 400 lectures in topics related to medicine, dermatology and medical education. He has authored and edited 6 academic books. He shared his personal struggles with eczema in his 6th book: "My Dance with Eczema – and 80 lessons for the patient and the doctor". Last year he co-authored and edited "The Geriatric Admission – a handbook for hospitalists".
